Seat Pad Cushions

- 43 x 46cm seat pad chair cushion
- Made from lightly water-resistant material
- Fits our range of classic style chairs perfectly
- Available in Green, Stone, Blue, Terracotta & Grey

The Seat Pad cushion is the perfect accessory for your outdoor garden furniture chairs. The outdoor cushion covers the seat of the chair only, and its measurements are 43 x 46 cm. Our Seat Pad cushions are ideal for all our chairs as they have ties at the base of the cushion in order to secure it to the chair. Our Seat Pad cushions perfectly balance style, comfort, and practicality.

What our customers are saying :

"Delivery on time. Easy to assemble with all tools, screws etc included, well-packed and clearly labelled. Went together well. Comfortable and easy to move if necessary. Cushion well-made, though I won't use the ties as I want to put it away in the dry each evening".

Curve Back Cushions

- 86cm Polyester Garden Cushion
- Rounded upper design
- Fast-drying, lightly water-resistant material
- Available in Green, Stone, Blue, Terracotta & Grey

The Curve-Back chair cushion is the perfect match for our Rose, April, and Emma chairs. Each of our 5 colours will add a subtle bit of colour to your garden, and the cushion itself adds an abundance of comfort to your garden chair. Enjoy the best of the summer months sitting stylishly, and comfortably with the Curve-Back chair cushion. Not only stylish but also highly practical due to its fast-drying, lightly water-resistant cover.

What our customers are saying :

"Excellent service for online ordering and delivery. The packing was robust. The instructions were clear, easy to use and informative. My 11-year-old granddaughter assembled the chair and table for me. Extremely happy with the result. The chair is elegant, useful and more importantly very light to carry. A useful feature for a 74-year-old with arthritis. The seat is very comfortable, especially with its pretty cushion"

Frequently Asked Questions

Can I really keep my garden furniture outside all year ?

Absolutely. Our furniture is made of sand cast aluminium, which is powder coated to produce a beautiful and durable finish. It won't rust or rot and can indeed be left outside, uncovered, even through the harshest of winters. Our cushions, although lightly water-resistant, should be kept covered when not in use, to ensure that they remain in excellent condition, ready when you need them, for years to come.

What happens if part of my furniture is broken or damaged ?

We work hard to ensure that all our furniture arrives with our customers in immaculate condition, ready to be easily assembled and enjoyed for many years to come.

In the unlikely event that you do notice something missing or damaged, please don't hesitate to contact our friendly team. We have a wide range of replacement parts for all our products and are happy to help, to resolve any concerns you might have, as quickly as possible.

Frequently Asked Questions

Which Lazy Susan chairs are stackable ?

When you are browsing the range of chairs on our website, it's easy to tell which can be stacked, as the picture will include this symbol.

Any chair that does not have this symbol, will arrive with you ready for quick and easy self-assembly at home.

If you have any questions about any of our pieces of furniture, please don't hesitate to contact our friendly team, who will be delighted to help you.

Can I order a table on its own ?

Absolutely! You are most welcome to place an order for just a table. Just give our friendly team a call and they will be delighted to help you customise your order, just the way you want it.

Frequently Asked Questions

How do I assemble my furniture ?

Lazy Susan provides clear instructions, parts and tools for the construction of our self-assembly furniture.

Where you see a crossed through spanner symbol in the instructions, this means simply that, at this stage of assembly, you need only loosely tighten the bolts in the diagram. Later in the assembly process, when further sections are attached, you will be prompted to tighten them up using the spanner provided.

This is especially important when attaching your table legs to the under-ring, which needs to be done very loosely at first, to allow you to be able to position the legs onto the underside of the table-top later.

On some items, such as chairs, you may find that certain nuts and bolts have already been attached to the individual parts, for your convenience.

This is mainly true for the bases of your chairs.

All other fixings are provided on a shrink sealed card.

If you have any questions about assembly, our team are always happy to help you, so, please don't hesitate to call us or contact us by email.

Frequently Asked Questions

How can I place an order ?

You can place your order simply by calling our customer service team on:

service@lazysusan.co.uk

Or visit our website: www.lazysusan.co.uk

Can I return my order ?

If you need to return your order to us, this is possible in most circumstances. We would encourage you to look at our Returns page, where you'll find everything you need to know about our returns policy and process.

If you have any questions, please do get in touch and we'll be glad to help you.
